

# Arijit's book published by Cambridge

## ■ NEC Report

Agartala, Nov 22: Tripura's renowned chemistry scholar Dr Arijit Das has added another shining

feather to his cap and his academic book titled "Innovative Mnemonics in Chemical education" (a handbook for class room lectures) has recently been published by England-based reputed publishers "Cambridge Scholars Publishing", originated from the Cambridge University. This is the first time such a book on Mnemonics has been published by Cambridge Scholars publishing house and no other scholar from the North-east region had achievement such tag so far.
