Chemistry scholar gets copyright for inventions

NEC Report

Agartala, August 7 : Dr Arijit Das, a renowned scholar of Chemistry made a landmark achievement when the government of India gave copyright for his inventions in the field of Chemistry.

America and Africa of the world.

The copyright office of the government of India, attached to 'Department of Industrial Policy and Promotion' under union ministry of commerce and industry and the union ministry of human resource development put Dr Arijit Das's invention of 19 method-

ologies and 39 formulae to scrutiny for a period of nine months. After being satisfied on all counts the Deputy Registrar of Copyrights, government of India finally sent the official Copyright to Dr Arijit Das today, bearing registration number of L-77140/2018. Many reputed chemistry scholars of the country have expressed their joy and satisfaction over the official recognition in the form of copyright granted to Dr Arijit Das by the government of India and congratulated him.

Dr.Arijit Das is basically a Chemical Educationist and specifically Inorganic Chemist. At present, he holds the post of Assistant Professor and Chair of HOD of Department of Chemistry, Ramthakur College, Agartala, West Tripura.

Dr Das devised altogether 19 new methodologies and 39 formulae for easy study and understanding of chemistry was recognized earlier by top class universities of the world like University of California, American Chemical Society (ACS), American Institute of Science (AIS), Open Science Research Society USA, Indian Chemical Society (ICS) and African Chemical Society (ACS). His works were published by world famous journals on chemistry from four continents, Asia, Europe, North
