Agency for Standards and Ratings at international level. Dr. Arijit Das, (World Champion and *Fellow, Directorate of Chemical Science, IASR*) plays a vital role in advancement of scientific knowledge in Chemical Education (Innovative Mnemonics). World Championship-2018 in Chemical Education (Innovative Mnemonics) acknowledges the outstanding international contributions and is selected based on international meritorious competition. IASR extends best wishes for your endeavours enlightening scientific domain with your efforts. Your research article is winner among 5841 nominations from 84 countries, screened for the World Championship-2018 in Chemical Education (Innovative Mnemonics). IASR recognizes Dr. Arijit Das among **World's 500 Most Influential Experts in Chemical Science** for the Year 2018 on Earth.

World champion Dr. Arijit Das endorses scientific meetings and conferences on Chemical Education (Innovative Mnemonics), and can be contacted for key note speeches on Chemical Education (Innovative Mnemonics) and industrial collaborations. The World Championship is organized by International Agency for Standards and Ratings at international level. Universities are in a race to reconstruct their syllabus by adding applications of scientific contribution by World champion- Dr. Arijit Das. Under expert guidance of World champion Dr. Arijit Das, Universities can now contribute better in nation building. Proper supervision by World champion Dr. Arijit Das will help to allocate public funds and research grants more focused. Universities can contact world champion Dr. Arijit Das for selection committees/ board on promotion and recruitment. The world champion Dr. Arijit Das can be contacted for execution of programs related to Chemical Education (Innovative Mnemonics). Researchers and students can enjoy expert career guidance on latest trends, jobs and career opportunities from world champion Dr. Arijit Das.

Innovation of 19 Time Economic Teaching Methodologies and 39 new formulae in the Field of Chemical Education:

1. New Innovative Methods for prediction of hybridization State in a very short time.
2. New innovative methods for prediction of bond order of mono and atomic molecules, ions and also acid radicals in a very short time.
3. New innovative methods for determination of IUPAC nomenclature of spiro and bicyclo compounds in Organic Chemistry.
4. New innovative methods for determination of spin multiplicity, spin state and Magnetic properties of diatomic heteronuclear molecules or ions in a very short Interval of time.
5. New Innovative methods for prediction of Bond order of mono and diatomic molecules or ions having total number of (1-20)e-s in a very short time.
6. A rapid and innovative method for the identification of aromatic and anti-aromatic nature of organic compounds.
7. A rapid and innovative method for the easy prediction of Magnetic behavior of homo and hetero nuclear mono and diatomic molecules or ions without MOT.
8. Simultaneous Equations as a Tool in the Spectrophotometric Analysis of Two Non-interacting Substances in a Binary Mixture: Senior Undergraduate Physical and Physical-Organic Chemistry Laboratory Experiment.
9. New methods for prediction of Bond order of mono and diatomic homo and hetero nuclear molecules or ions with (1-20)e-s and Oxide based acid radicals - An innovative approach (Review article)
10. New Methods for the prediction of Magnetic Moment of homo and hetero nuclear mono and diatomic molecules or ions without MOT-A Rapid Innovative Approach

Award Received:

1. Award received as ' P M L P M R F '- 1st Fellow from Tripura University, Tripura, India- Duration two(02) years (2002-2004).

Honour received from Different Departments and Societies For Invention of New dimensions in Chemistry:

1. Invitation received from the prestigious 'American Chemical Society'(ESTD-135 yrs ago) on 29-11-2013 via postal mail along with their nomination letter bearing Fellow nominated no FN-12047213025 and Candidate Promo Code 1513JA601 to join the ACS network as a member. I joined to the ACS network as ACS member since 06-12-2013.

2. Felicitated with 'Certificate of Honour' by Honble Chief Minister, Govt. of Tripura, Mr.Manik Sarkar on behalf of tripurainfo.com @ Agartala Town hall, Agartala, Tripura (w), Tripura, India, dated 7th July-2013.

3. Felicitated with 'Certificate of Honour' by Honble Higher Education Minister, Govt. of Tripura, Mr. Anil Sarkar @ Govt. Degree College, Dharmanagar, North Tripura, Tripura, India, dated 27th Sept-2012.

4. Felicitated with 'Certificate of Honour' by Department of Chemistry, Govt. Degree College, Dharmanagar, North Tripura, Tripura, India, dated 12-Sept 2012.

5. Felicitated by TCTA Unit Cell, Department of Chemistry, Govt. Degree College, Dharmanagar, North Tripura, Tripura, India dated 25-Sept 2012.

6. Felicitated with 'Certificate of Honour' by 'Saktisangha Club' , Kailashahar, Unakoti, Tripura, in the Inauguration day of 50th Durga Puja dated 19th - Oct 2012.

7. Felicitated with 'Certificate of Honour' by 'Eikatan Club', Kailashahar, Unakoti, Tripura, in the Inauguration day of Kali Puja dated 12th - Nov 2012.

8. 'SARAD SAMMAN-2013 IN EDUCATION'- dated 12-10-2013, Nabajagrata Club (Estd-1970), Kailashahar, Unakoti Tripura, Tripura, India.

9. Honour received from the Ramthakur College (NAAC Gr.-B), Agartala, Tripura (West), Tripura, India on behalf of the Principal and other faculty members of the College on dated 01-01-2014 on the innovation of 14 New teaching methodologies including 34 completely new formulae in the Chemistry World and also on the Invitation along with nomination received from the Prestigious American Chemical Society, USA to join the impressive ACS network. 10.Felicitated with

HYDROCARBONS PARSER TOOL LAUNCHED IN THE USA:

On 24th Aug-2015 a new and practical applications of my 14 new formulae and 04 innovative teaching time-economic methodologies on 'Number of Chemical bonds in Hydrocarbon' came in the form of a tool namely 'Hydrocarbon Parser' made by Dr.Edel Garcia, a multidisciplinary scientist and Administrator of Minerazzi.com, Bayamon, Puerto Rico, USA to calculate and discriminate of chemical bonds in hydrocarbons. Dr.Garcia the creator of the Minerazzi Project, which started at the now defunct local Microsoft Innovation Center. Minerazzi (<http://www.minerazzi.com>) is a platform owned by Dr.Garcia and for building topic-specific search engines on any field or knowledge domain in USA.

This tool parses an input chemical formula and predicts the number and types of chemical bonds present in them with its normal boiling point and few other things. The predicted data can then be comparing with experimental results.

Hydrocarbons parser software covenants about the chemical composition and possible formulae that students of UG, Senior UG and PG level find difficult to decide many times if it exists. Now they can analyze it within a second with the help of this tool. It will be of extreme benefit to the student or research fraternity irrespective of their expertise in the chemical domain. Unlike existing models or tools

which employ the database and seems complicated for the user this newly developed tool is user friendly and even a layman can use it and extract relevant information. The tool works without consulting molecular orbital theory (MOT) or a chemical database. Just enter a set of formulae 'CxHy'.

To use the tool, a user only needs to enter a set of hydrocarbon formulas, ending each one by pressing the [CxHy] key from his/her computer. In few seconds, the tool validates and classifies all the chemical formulas, computes numbers and types of chemical bonds, and discriminates between functional isomers. The user can then use this information to propose candidate chemical structures in a time-economic manner.

Do you know how to apply for World Championship

1. Name of Program: Application for World Championship
2. Name of Applicant: ?
3. Photograph: ?
4. Autobiography: ?
5. Details of Academic contribution: ?
6. Details of Best Published Research Articles, if any
7. Details of Thesis/ Dissertation, if any
8. Details of Patents, if any
9. Details of Publication of Book/ Book Chapter, if any
10. Details of Participation in conference / seminar / workshop, if any
11. Details of Innovations, if any
12. Details of Development of Product / Technology, if any
13. Any Other Details: ?

Fill Up above application format and Email at plojindexing@gmail.com for applying in World Championship. Instantly within 24 hours you will receive acknowledgement and rigorous review will be started, shortly you will be informed on outcome with certificate.
