

Chemistry HOD sets example : extra class for chemistry students on fourth Saturday in Ramthakur College

By Our Correspondent

Agartala, Aug 30, 2017 : At a time when the education sector in the state continues to draw flaks , the head of the department , Chemistry, in Ramthakur College and eminent scientist Dr Arijit Das has taken a novel initiative to standardize the learning process of students by taking extra class on holiday. Dr Arijit Das who has already devised sixteen new and original methodologies and thirty six formulae for the study of chemistry, has started taking extra class for 1st and 3rd semester students of his college in pass as well as honours course on every fourth Saturday which, by a decision of the state government, is now a holiday.

The first extra class was taken on August 26 from 11-30 AM to 4-30 PM and the response among the students was encouraging as 64 among an estimated 100 students attended the classes. This initiative has evoked a positive response among learners with the number of attendees likely to grow more in the coming days. 'Extra classes on fourth Saturday will help us and the students to finish the syllabus in time and they will also learn more ; the students have also evinced keen interest in the newly introduced system' said Dr Arijit Das .The students and guardians have also appreciated the move .
