Agartala, November 16, 2022

Amidst the all round gloom and despondency among people over police functioning across the state, the SDPO (Sadar) Ajay Kumar Das seems to have excelled in his policing work regardless of all extraneous considerations. He has been fighting relentless war against drug addiction and anti-social activities all over the town , arresting drug peddlers and addicts and hauling up criminals.

Impressed by his dutiful performance state's renowned chemical scientist and assistant professor of BBMC college Dr Arijit Das has today personally felicitated SDPO Ajay Kumar Das in the latter's office chamber offering small but loving gifts . Ajay Kumar Das was deeply impressed by the personal felicitation of gratitude . Dr Arijit Das said that he had benefited a lot from the dutiful performance and alert policing of SDPO Ajay Kumar Das. "He had responded very positively to my pleas for help and got my problems resolved at the earliest , I am really grateful to him ; I have done nothing new , every conscious citizen should appreciate the genuine and sincere service rendered by police personnel and officers" said Dr Arijit Das.
